GAINESVILLE, FLORIDA, FRIDAY, AUGUST 21, 1908

TEN CENTS A WEEK

HOPE IS ABANDONED

Believed All Miners Perished In Wigan Disaster.

THE RESCUE PARTY AT WORK

Has Been Found Frightfully Mutilated, Legs and Arms Blown Off and Heads Battered Almost Beyond Recognition.

Wigan, Eng., Aug. 20.—It is now believed that not a single man of the twenty miners who were entombed in an explosion which occurred Tuesday in the Mayhole coal mines here survived the disaster.

The four men reported rescued on Tuesday were engaged in an adjoining building.

The ventilating fan which was put in order by the explosion has been destroyed and the mine, having been filled with gas, the rescue party has descended.

The sight which met their eyes was ghastly. Not far from the bottom of the shaft eighteen bodies were found, ghastly mutilated, legs and arms blown off and heads battered almost beyond recognition.

The management of the mine declares that between sixty and seventy men were under ground at the time of the explosion, and that there is no hope any one will be brought out alive. The women and children, however, remained at the pit head all day. Tuesday refused to leave until the bodies of their dead were brought to the surface. Nothing else will console them of the hopelessness of waiting.

DASTARDLY ATTEMPT.

Attempt Made To Blow Up Contractor's House at Pratt City, Ala.

Birmingham, Ala., Aug. 20.—A dastardly attempt was made at 1 a. m. Wednesday morning to completely demolish the residence of Thomas Dugan, contractor in Mine No. 6, of the Bessemer, Coal, Iron and Railroad company at Pratt City and a heavy quantity of dynamite was thrown on the porch.

The explosion which followed killed people for blocks around, even heard in the city. The house almost blown over.

Two daughters of Dugan were in the front room directly in line of where the dynamite exploded. They were thrown out into the hall and rendered unconscious. They revived some time later and were found not to be seriously injured. Nine persons were asleep in the house at the time.

Twenty minutes later the home of Tony Davis, a negro miner, was visited, but no one was hurt. Reports received here indicate that there is considerable unrest throughout the mining district and further action is looked for. The statement of the operators' association that there is no question for arbitration and that they would never again make a pact with the United Mine Workers of America but intended operating mines on the open shop plan has well circulated throughout the district and may bring the controversy to an immediate focus.

A dynamiting at Pratt City is being brought about activity in the city forces and some changing of the law is anticipated.

Price of Pig Iron Goes Up.

Birmingham, Ala., Aug. 20.—An agreement has been made that Alabama pig iron manufacturers were to sell at \$13 per ton for No. 5 Foundry iron, the highest price since the market came on last October, and some sales have been made at the new quotation.

Many Arrests for Fraud.

Albany, Aug. 20.—Thirty persons have been arrested here in connection with the discovery of a systematic scheme to counterfeit postage stamps, some of which have been sold after being recovered in Washington.

ANNIS-HAINS TRAGEDY.

Possible Motive for Killing of Annis At Boston, Mass.

Boston, Aug. 20.—A possible motive for the killing of William E. Annis at Bayside Yacht Club last Saturday by Captain Peter C. Hains, Jr., may be found in the fact that Mrs. Hains had filed a suit against her husband, the papers being served upon Captain Hains in New York on Aug. 10th. The fact that a suit had been filed became generally known Wednesday. In her suit Mrs. Hains is said to have made sensational charges against her husband's character and she demanded in her petition that the case itself, an action for divorce, be given a public hearing. The report of the filing of the suit against Hains by his wife is confirmed by Charles H. Libbey, father of Mrs. Hains. It is believed by Mr. Libbey and his daughter that Captain Hains and his brother, T. Jenkins Hains, concluded that Mr. Annis was behind the bringing of the accusations and that it was Annis who suggested to Mrs. Hains that the only way she could clear herself of the charges preferred by Captain Hains in his divorce action was by demanding that the case be tried in open court.

In speaking of the case Mr. Libbey said that his daughter had been subjected to the greatest cruelty by Captain Hains and that she returned to her father's home on June 2 a few days after she had been cruelly beaten and ill-treated by her husband in the presence of his brother Thornton. According to Mr. Libbey, Captain Hains attacked his wife at Fort Hamilton last May and as a result of the beating he is alleged to have given her, medical aid had to be called in, her body being cut and bruised. Mrs. Hains and her mother are still in New York and are not expected back in Winthrop for several days. They desire to secure the control of three children of Captain and Mrs. Hains and are prepared to resort to legal measures to bring this about.

ROBBERS STILL UNKNOWN.

But Stolen Checks Still Continue to Turn Up.

Washington, Aug. 20.—Checks drawn on the treasurer of the United States to officials of the public health and marine hospital service which were recently stolen from a messenger in front of the Department of Commerce and Labor building in this city, continue to be received by Chief Wilkie, of the secret service.

The pouch was found between this city and Alexandria, Va., but the two thousand dollars in checks had been abstracted. So far the identity of the robber has not been learned.

Wednesday one of the checks drawn in favor of A. M. Glennan, assistant surgeon general of the marine hospital service for \$213.32, was received through a local bank which had been cashed by the Mafia National bank of Mafia, Tex. Another in favor of P. B. Scott, of the same service, for \$8, was received from the station agent of the Southern Pacific railroad at San Antonio, Tex., who found it on the station platform. It had been endorsed.

Will Be Made a Test Case.

Honolulu, Aug. 20.—Masak Sukki, a Japanese who had obtained first naturalization papers from the United States circuit court in New York city, has applied here to the United States circuit court for his second papers. The matter has been referred by cable to the department of justice at Washington, D. C., as a test case to determine the right of Japanese to naturalization.

Attempted Assassination.

St. Petersburg, Aug. 20.—A second unsuccessful attempt was made to assassinate the chief of police of Pyskorski, M. Von Ogilvie. Three men emptied their revolvers at the chief but failed to hit him. The police shot down one of the revolutionists, but the other two escaped.

College Treasurer Suicides.

Utica, N. Y., Aug. 20.—Rev. Jas. Deane Phelps, treasurer of Syracuse university, shot and killed himself some time during Tuesday night. He left a note saying he did not wish to live any longer. It is understood that he had been ill.

TROOPS LEAVE CITY

Riots at Springfield, Ill., Now Regarded as History.

RESUMES NORMAL CONDITION

Business Men Expect an Early Resumption of Normal Business Conditions After Recent Exciting Events at Springfield.

Springfield, Ill., Aug. 20.—Coincident with the departure for their homes Wednesday of the First and Fourth infantry regiments which have been on riot duty here, it was announced that the Third and Fifth infantry regiments departed Thursday. This will reduce the military force here to about 500 men, an ample number to handle the situation, which has shown a much less serious aspect since the meeting of the special grand jury Tuesday. The determination to follow up Wednesday's departures with two more on Thursday, was reached at a conference of Governor Deneen, Major General Young and Adjutant General Scott, but it was not announced until Wednesday morning that the riots are now regarded as history, and business men anticipate an early resumption of normal business.

The reduction of the force will save the state about \$20,000 a day, it is stated.

The national guardsmen have worked hard and effectively since their arrival and their personal conduct, according to officers and citizens alike, have been exemplary.

"I am of the opinion that the departure of the troops will do much to complete the quieting of the city," said General Scott. "The presence of the soldiers has the same effect on some people as a brass band does on a small boy. The small boy has to dance to the music. To some men, notably, young ones, the sight of soldiers in itself is exciting, no matter what the purpose of their presence is. The young man feels that he must get into the posture and sometimes he does it in a way that calls for repression."

"Conditions in this city are now such that an active sheriff with a good force of deputies, reinforced by the police, could, in my belief, be safely trusted with the public safety."

RACE FEELING IN ILLINOIS.

White Miners Refused to Work with Negro Miners.

Springfield, Ill., Aug. 20.—While the new special grand jury, empaneled Tuesday, was hearing witnesses in riot cases and citizens were holding a meeting, the antagonism between whites and blacks, already responsible for seven deaths and scores of injuries, struck underground.

White miners at the Woodside coal mine, a mile out of town, and the Taxhorn mine, four miles distant, refused to work with negroes. The two mines employ about 500 men, about 150 of whom are negroes.

The white miners came to President Clark, of the Springfield subdistrict of the United Mine Workers, with the declaration that the negroes were armed and they did not feel safe in the underground darkness with them. On the other hand, it is said, that the negroes have armed themselves, with no thought of taking initial action, but no protect themselves in the event of a repetition of the rioting of Friday and Saturday nights.

President Clark said that so far as he knew there had been no clashes between the whites and blacks in the mines.

Tragedy in Louisiana.

Monroe, La., Aug. 20.—As a result of a duel between two brothers at Bossco, eighteen miles south of Monroe, Benjamin G. Littlepage is dead and Joseph N. Littlepage is reported to be badly wounded. The Littlepages are among the most prominent planters in this section of Louisiana. Benjamin was president of the Ouachita police jury, and a member of the state democratic committee, while Joseph is a member of the school board. The duel had resulted between the two brothers.

NO SOLUTION BY ARBITRATION.

Question in Dispute Between the Netherlands and Venezuela.

The Hague, Aug. 20.—After a nine-hour session during which the dispute between the Netherlands and Venezuela was canvassed exhaustively in all its phases, the cabinet dispersed shortly after midnight Tuesday night and Minister of Foreign Affairs Van Swinderen proceeded to the royal chateau to acquaint Queen Wilhelmina with the result of the council.

The terms of the Netherlands answer to the letter of President Castro of Venezuela were fully discussed, and it is understood that the actual text as well as broad lines of action drawn up to meet any possible eventualities were agreed upon.

In diplomatic circles here the view is entertained that the present difficulty between Holland and Venezuela is not of a nature to be settled by arbitration and in explanation it is pointed out that the dispute is not of a private commercial character like the difficulties that have arisen between Venezuela and Great Britain, Germany and America. In these cases the governments in question sought satisfaction for claims, but Holland has no claim against Venezuela. It is maintained here that the present question is rather one of sovereignty and national honor, matters which are not susceptible of solution by arbitration.

JOHNSON SAYS NO.

Positively Not a Candidate for Re-Nomination for Governor.

Minneapolis, Minn., Aug. 20.—Notwithstanding Governor John A. Johnson's oft-repeated declaration that he would positively not be a candidate for re-nomination for the office of governor of Minnesota, and which has lately been coupled with the threat that if he was named against his will the convention would have to do its work over again, the probabilities on Wednesday were that the democratic convention would ignore the governor's wishes. Tuesday when the fact was brought to his attention that he might be made the nominee, despite his protests, Governor Johnson said that if he was nominated the ticket would be without a head, for he would not lift his finger to further his candidacy.

This emphatic declaration may have its effect and in that event J. G. Aronson, mayor of Stillwater, Minnesota, will undoubtedly be the nominee. However, several counties have declared for Johnson and there may be a large sized vote for him on the first ballot.

HINSEY EXONERATED.

Was Styled the "Captain Dreyfus of Knights of Pythias."

Chicago, Aug. 20.—John A. Hinsey, the "Captain Dreyfus of the Knights of Pythias," after suffering seven years' expulsion from his lodge and a charge of embezzling half a million dollars, has been exonerated and reinstated.

Hinsey, who is head of the claim department of the Chicago, Milwaukee and St. Paul railway, and once time a political power in Milwaukee, was restored at the recent biennial convention of the Pythians in Boston.

Prominent Georgian Dead.

Griffin, Ga., Aug. 20.—Judge Edward W. Hammond, a prominent citizen of Griffin for many years past, and one of the best known jurists in Georgia, died at his home here Monday night. He had been in declining health for quite a while, suffering with a complication of diseases and was partially blind for a year past, but the immediate cause of his death was paralysis.

King Alfonso Wins Prize.

Bilbao, Aug. 20.—King Alfonso, sailing his own cutter, the *Coroza*, won the first prize in the ten meter class and the first boat in the series for the Lipton cup. The king's victories were received with the greatest enthusiasm, as up to the present he had been most unlucky in the races in which he was entered.

Kaiser Gives Money to Science.

Berlin, Aug. 19.—The emperor has given \$24,000 to the Robert Koch fund for studying the spread of infectious diseases.

REACHED AGE LIMIT

Rear Admiral Evans Passes From Ranks of Navy.

HE IS SIXTY-TWO YEARS OLD

One of the World's Greatest Naval Commanders Has Laid Down Arms, and Will Probably Not Enter Service Again.

Lake Mohonk, N. Y., Aug. 20.—Far from grim warships and the sea, where he spent nearly half a century in the service of his country, Rear Admiral Robley D. Evans, of the United States navy, who is at this quiet mountain hotel, reached the age limit of sixty-years Tuesday and passed from the ranks of the country's active sea fighters.

Here, where fourteen peace conference have assembled, sending forth to the world appeals to lay down arms, one of the world's greatest naval commanders laid down his arms, probably never again to take them up in the defense of the country he has served so well.

His has been the longest service, by two years short of a half century, of any man who has reached the office of rear admiral in the United States navy.

All through the day the hotel was thronged with admirers of "Fighting Bob," as his friends delight to call him, eager to congratulate him on many more happy and useful years. Telegrams by the score reached him from all parts of the country, all expressing felicitation and affection for the man who has done so much to build up the American navy.

WHAT FIGHTING BOB SAID.

Incident in Connection With Battle of Santiago.

New York, Aug. 20.—A special dispatch from Lake Mohonk brings the following story of Admiral Evans. The other day a friend asked him:

"Admiral, is there any truth that after the battle of Santiago you called out from the bridge of the Iowa to a captain of another battleship: 'Those Spaniards can't fight a damned thing but water?'"

Admiral Evans laughed and replied: "I will tell you what I really said, and what the incident really was," as said.

"One drizzly day during the blockade we stood in toward the harbor and shelled the shore batteries. It was not as exciting as it might have been, for whether we hit anything I do not know. I know the Spaniards did not quite come near us. After the shelling was over, a press boat lay alongside my ship and a newspaper man asked if we had been hit. I shouted back: 'They didn't touch us.' The Spaniards didn't hit a thing except the water, and they couldn't have hit that if there wasn't so damned much of it."

MANY BADLY INJURED.

Explosion of Dynamite Under Vessel at Detroit.

Detroit, Mich., Aug. 20.—Thirteen men were seriously injured, six of them probably fatally in the lower Detroit river when a cargo of dynamite exploded under the drill vessel *Destroyer*, which has been working on the new Livingstone channel.

The day shift started to clean out a hole over which the drill lay, preparatory to a blast, when a charge of dynamite left in the hole by the night shift exploded without warning.

When the tug *Columbia* reached the scene the *Destroyer* was found badly wrecked and the docks strewn with maimed and bleeding workmen. The injured were taken on board the tug and hurried to Amblerberg for medical attention.

Lawrie Addressed Editors.

St. Paul, Minn., Aug. 20.—A. L. Lawrie, third assistant postmaster general, was the principal speaker at Wednesday morning's session of the National Editorial association. His subject was "The Attitude of the Post Office Department Toward Newspapers and Second Class Matter."

HOPE IS ABANDONED

Believed All Miners Perished In Wigan Disaster.

RESCUE PARTY AT WORK

Four Have Been Found Frightfully Mutilated, Legs and Arms Blown Off and Heads Battered Almost Beyond Recognition.

Wigan, Eng., Aug. 20.—It is now believed that not a single man of the twenty miners who were entombed in the Mayhole coal mines here survived the disaster.

The four men reported rescued on Tuesday were engaged in an adjoining building.

The ventilating fan which was put in order by the explosion has been repaired and the mine, having been freed of gases, the rescue party has descended.

The sight which met their eyes was ghastly. Not far from the bottom of the shaft eighteen bodies were found, frightfully mutilated, legs and arms being blown off and heads battered almost beyond recognition.

The management of the mine does not believe that between sixty and seventy were under ground at the time of explosion, and that there is no hope any one will be brought out alive. The women and children, however, remained at the pit head all Tuesday refused to leave until bodies of their dead are brought to surface. Nothing else will comfort them of the hopelessness of waiting.

DASTARDLY ATTEMPT.

Attempt Made To Blow Up Contractor's House at Pratt City, Ala.

Birmingham, Ala., Aug. 20.—A dastardly attempt was made at 1 a. Wednesday morning to completely blow up the residence of Thomas Dugan, contractor in Mine No. 6, of the Bessemer, Coal, Iron and Railroad company at Pratt City and a heavy quantity of dynamite was thrown on the porch.

The explosion which followed killed people for blocks around, even heard in the city. The house almost blown over.

Two daughters of Dugan were in the front room directly in line of where the dynamite exploded. They were thrown out into the hall and rendered unconscious. They revived some time later and found not to be seriously injured. Nine persons were asleep in the house at the time.

Twenty minutes later the home of Mary Davis, a negro miner, was visited, but no one was hurt.

Reports received here indicate that there is considerable unrest throughout the mining district and further violence is looked for. The statement of the operators' association that there is no question for arbitration and they would never again make a pact with the United Mine Workers of America but intended operating mines on the open shop plan has well circulated throughout the district and may bring the controversy to an immediate focus.

The dynamiting at Pratt City is believed to bring about activity in the mining forces and some changing of opinion is anticipated.

Price of Pig Iron Goes Up.

Birmingham, Ala., Aug. 20.—An agreement has been made that Alabama pig iron manufacturers were to sell \$11 per ton for No. 2 Foundry iron, the highest price since the season came on last October, and some sales have been made at the new quotation.

Many Arrests for Fraud.

New York, Aug. 20.—Thirty persons have been arrested here in connection with the discovery of a systematic scheme to cancel postage stamps, of which have been sold after being procured in New York.

ANNIS-HAINS TRAGEDY.

Possible Motive for Killing of Annie At Boston, Mass.

Boston, Aug. 20.—A possible motive for the killing of William E. Annis at Bayside Yacht Club last Saturday by Captain Peter C. Hains, Jr., may be found in the fact that Mrs. Hains had filed a suit against her husband, the papers being served upon Captain Hains in New York on Aug. 10th. The fact that a suit had been filed became generally known Wednesday. In her suit Mrs. Hains is said to have made sensational charges against her husband's character and she demanded in her petition that the case itself, an action for divorce, be given a public hearing. The report of the filing of the suit against Hains by his wife is confirmed by Charles H. Libbey, father of Mrs. Hains. It is believed by Mr. Libbey and his daughter that Captain Hains and his brother, T. Jenkins Hains, concluded that Mr. Annis was behind the bringing of the accusations and that it was Annis who suggested to Mrs. Hains that the only way she could clear herself of the charges preferred by Captain Hains in his divorce action was by demanding that the case be tried in open court.

In speaking of the case, Mr. Libbey said that his daughter had been subjected to the greatest cruelty by Captain Hains and that she returned to her father's home on June 2 a few days after she had been cruelly beaten and ill-treated by her husband in the presence of his brother Thornton. According to Mr. Libbey, Captain Hains attacked his wife at Fort Hamilton last May and as a result of the beating he is alleged to have given her, medical aid had to be called in, her body being cut and bruised. Mrs. Hains and her mother are still in New York and are not expected back in Winthrop for several days. They desire to secure the control of three children of Captain and Mrs. Hains and are prepared to resort to legal measures to bring this about.

ROBBERS STILL UNKNOWN,

But Stolen Checks Still Continue to Turn Up.

Washington, Aug. 20.—Checks drawn on the treasurer of the United States to officials of the public health and marine hospital service which were recently stolen from a messenger in front of the Department of Commerce and Labor building in this city, continue to be received by Chief Wilkie, of the secret service.

The pouch was found between this city and Alexandria, Va., but the two thousand dollars in checks had been abstracted. So far the identity of the robber has not been learned.

Wednesday one of the checks drawn in favor of A. M. Glennan, assistant surgeon general of the marine hospital service for \$213.33, was received through a local bank which had been cashed by the Mafia National bank of Dallas, Tex. Another in favor of F. B. Scott, of the same service, for \$8, was received from the station agent of the Southern Pacific railroad at San Antonio, Tex., who found it on the station platform. It had been endorsed.

Will Be Made a Test Case.

Honolulu, Aug. 20.—Masak Suiki, a Japanese who had obtained first naturalization papers from the United States circuit court in New York city, has applied here to the United States circuit court for his second papers. The matter has been referred by cable to the department of justice at Washington, D. C., as a test case to determine the right of Japanese to naturalization.

Attempted Assassination.

St. Petersburg, Aug. 20.—A second unsuccessful attempt was made to assassinate the chief of police of Pyatkovsk, M. Von Ogilvie. Three men emptied their revolvers at the chief but failed to hit him. The police shot down one of the revolutionists, but the other two escaped.

College Treasurer Suicides.

Utica, N. Y., Aug. 20.—Rev. Jas. Duane Phelps, treasurer of Syracuse university, shot and killed himself some time during Tuesday night. He left a note saying he did not wish to live any longer. It is understood that he had been ill.

TROOPS LEAVE CITY

Riots at Springfield, Ill., Now Regarded as History.

RESUMES NORMAL CONDITION

Business Men Expect an Early Resumption of Normal Business Conditions After Recent Exciting Events at Springfield.

Springfield, Ill., Aug. 20.—Coincident with the departure for their homes Wednesday of the First and Fourth infantry regiments which have been on riot duty here, it was announced that the Third and Fifth infantry regiments departed Thursday. This will reduce the military force here to about 500 men, an ample number to handle the situation, which has shown a much less serious aspect since the meeting of the special grand jury Tuesday. The determination to follow up Wednesday's departures with two more on Thursday, was reached at a conference of Governor Deneen, Major General Young and Adjutant General Scott, but it was not announced until Wednesday morning that the riots are now regarded as history, and business men anticipate an early resumption of normal business.

The reduction of the force will save the state about \$20,000 a day, it is stated.

The national guardsmen have worked hard and effectively since their arrival and their personal conduct, according to officers and citizens alike, have been exemplary.

"I am of the opinion that the departure of the troops will do much to complete the quieting of the city," said General Scott. "The presence of the soldiers has the same effect on some people as a brass band does on a small boy. The small boy has to dance to the music. To some men, notably, young ones, the sight of soldiers in itself is exciting, no matter what the purpose of their presence is. The young man feels that he must get into the posture and sometimes he does it in a way that calls for repression."

"Conditions in this city are now such that an active sheriff with a good force of deputies, reinforced by the police, could, in my belief, be safely trusted with the public safety."

RACE FEELING IN ILLINOIS.

White Miners Refused to Work with Negro Miners.

Springfield, Ill., Aug. 20.—While the new special grand jury, empaneled Tuesday, was hearing witnesses in riot cases and citizens were holding a meeting, the antagonism between whites and blacks, already responsible for seven deaths and scores of injuries, struck underground.

White miners at the Woodside coal mine, a mile out of town, and the Tuxhorn mine, four miles distant, refused to work with negroes. The two mines employ about 500 men, about 150 of whom are negroes.

The white miners came to President Clark, of the Springfield subdistrict of the United Mine Workers, with the declaration that the negroes were armed and they did not feel safe in the underground darkness with them. On the other hand, it is said, that the negroes have armed themselves, with no thought of taking initial action, but no project themselves in the event of a repetition of the rioting of Friday and Saturday nights.

President Clark said that so far as he knew there had been no clashes between the whites and blacks in the mines.

Tragedy in Louisiana.

Monroe, La., Aug. 20.—As a result of a duel between two brothers at Boss, eighteen miles south of Monroe, Benjamin G. Littlepage is dead and Joseph R. Littlepage is reported to be badly wounded. The Littlepages are among the most prominent planters in this section of Louisiana. Benjamin was president of the Ouachita police jury, and a member of the party democratic committee, while Joseph is a member of the state legislature. The feud had existed between the brothers for some time.

NO SOLUTION BY ARBITRATION.

Question in Dispute Between the Netherlands and Venezuela.

The Hague, Aug. 20.—After a nine-hour session during which the dispute between the Netherlands and Venezuela was canvassed exhaustively in all its phases, the cabinet dispersed shortly after midnight Tuesday night and Minister of Foreign Affairs Van Swinderen proceeded to the royal chateau to acquaint Queen Wilhelmina with the result of the council.

The terms of the Netherlands answer to the letter of President Castro of Venezuela were fully discussed, and it is understood that the actual text as well as broad lines of action drawn up to meet any possible eventualities were agreed upon.

In diplomatic circles here the view is entertained that the present difficulty between Holland and Venezuela is not of a nature to be settled by arbitration and in explanation it is pointed out that the dispute is not of a private commercial character like the difficulties that have arisen between Venezuela and Great Britain, Germany and America. In these cases the governments in question sought satisfaction for claims, but Holland has no claim against Venezuela. It is maintained here that the present question is rather one of sovereignty and national honor, matters which are not susceptible of solution by arbitration.

JOHNSON SAYS NO.

Positively Not a Candidate for Re-Nomination for Governor.

Minneapolis, Minn., Aug. 20.—Notwithstanding Governor John A. Johnson's oft-repeated declaration that he would positively not be a candidate for re-nomination for the office of governor of Minnesota, and which has lately been coupled with the threat that if he was named against his will the convention would have to do its work over again, the probabilities on Wednesday were that the democratic convention would ignore the governor's wishes. Tuesday when the fact was brought to his attention that he might be made the nominee, despite his protests, Governor Johnson said that if he was nominated the ticket would be without a head, for he would not lift his finger to further his candidacy.

This emphatic declaration may have its effect and in that event J. G. Aronson, mayor of Stillwater, Minnesota, will undoubtedly be the nominee. However, several counties have declared for Johnson and there may be a large sized vote for him on the first ballot.

HINSEY EXONERATED.

Was Styled the "Captain Dreyfus of Knights of Pythias."

Chicago, Aug. 20.—John A. Hinsey, the "Captain Dreyfus of the Knights of Pythias," after suffering seven years' expulsion from his lodge and a charge of embezzling half a million dollars, has been exonerated and reinstated.

Hinsey, who is head of the claim department of the Chicago, Milwaukee and St. Paul railway, and one time a political power in Milwaukee, was restored at the recent biennial convention of the Pythians in Boston.

Prominent Georgian Dead.

Griffin, Ga., Aug. 20.—Judge Edward W. Hammond, a prominent citizen of Griffin for many years past, and one of the best known jurists in Georgia, died at his home here Monday night. He had been in declining health for quite a while, suffering with a complication of diseases and was partially blind for a year past, but the immediate cause of his death was paralysis.

King Alfonso Wins Prize.

Bilbao, Aug. 20.—King Alfonso, sailing his own cutter, the Corvo, won the first prize in the ten meter class and the first heat in the series for the Lipton cup. The king's victories were received with the greatest enthusiasm, as up to the present he had been most unlucky in the races in which he was entered.

Kaiser Gives Money to Science.

Berlin, Aug. 19.—The emperor has given \$25,000 to the Kaiser-Wilhelm fund for the promotion of the spread of scientific knowledge.

REACHED AGE LIMIT

Rear Admiral Evans Passes From Ranks of Navy.

HE IS SIXTY-TWO YEARS OLD

One of the World's Greatest Naval Commanders Has Laid Down Arms, and Will Probably Not Enter Service Again.

Lake Mahonk, N. Y., Aug. 20.—Far from grim warships and the sea, where he spent nearly half a century in the service of his country, Rear Admiral Robley D. Evans, of the United States navy, who is at this quiet mountain hotel, reached the age limit of sixty-years Tuesday and passed from the ranks of the country's active sea fighters.

Here, where fourteen peace conference officers have assembled, sending forth to the world appeals to lay down arms, one of the world's greatest naval commanders laid down his arms, probably never again to take them up in the defense of the country he has served so well.

His has been the longest service, by two years short of a half century, of any man who has reached the office of rear admiral in the United States navy.

All through the day the hotel was thronged with admirers of "Fighting Bob," as his friends delight to call him, eager to congratulate him on many more happy and useful years. Telegrams by the score reached him from all parts of the country, all expressing felicitation and affection for the man who has done so much to build up the American navy.

WHAT FIGHTING BOB SAID.

Incident in Connection With Battle of Santiago.

New York, Aug. 20.—A special dispatch from Lake Mahonk brings the following story of Admiral Evans. The other day a friend asked him:

"Admiral, is there any truth that after the battle of Santiago you called out from the bridge of the Iowa to a captain of another battleship: 'Those Spaniards can't fight a damned thing but water?'"

Admiral Evans laughed and replied: "I will tell you what I really said, and what the incident really was," he said.

"One drizzly day during the blockade we stood in toward the harbor and shelled the shore batteries. It was not as exciting as it might have been, for whether we hit anything I do not know. I know the Spaniards did not quite come near us. After the shelling was over, a press boat lay alongside my ship and a newspaper man asked if we had been hit. I shouted back: 'They didn't touch us. The Spaniards didn't hit a thing except the water, and they couldn't have hit that if there wasn't so damned much of it.'"

MANY BADLY INJURED.

Explosion of Dynamite Under Vessel at Detroit.

Detroit, Mich., Aug. 20.—Thirteen men were seriously injured, six of them probably fatally in the lower Detroit river when a cargo of dynamite exploded under the drill vessel Destroyer, which has been working on the new Livingstone channel.

The day shift started to clean out a hole over which the drill lay, preparatory to a blast, when a charge of dynamite left in the hole by the night shift exploded without warning.

When the tug Columbia reached the scene the Destroyer was found badly wrecked and the docks strewn with maimed and bleeding workmen. The injured were taken on board the tug and hurried to Amblerberg for medical attention.

Lawyer Addressed Editors.

St. Paul, Minn., Aug. 20.—A. L. Lawrie, third assistant postmaster general, was the principal speaker at Wednesday morning's session of the National Editorial association. His subject was 'The Attitude of the Post Office Department Toward Newspapers and Editors.' He said:

Gainesville Daily Sun.

OL XXV, NO. 166

GAINESVILLE, FLORIDA, FRIDAY, AUGUST 21, 1908

HOPE IS ABANDONED

Believed All Miners Perished In Wigan Disaster.

THE RESCUE PARTY AT WORK

Bodies Have Been Found Frightfully Mutilated, Legs and Arms Blown Off and Heads Battered Almost Beyond Recognition.

Wigan, Eng., Aug. 20.—It is now believed that not a single man of the twenty miners who were entombed in an explosion which occurred Tuesday in the Mayhole coal mines here survived the disaster.

The four men reported rescued on Tuesday were engaged in an adjoining building.

The ventilating fan which was put in order by the explosion has been repaired and the mine, having been cleared of gases, the rescue party has descended.

The sight which met their eyes was grisly. Not far from the bottom of the shaft eighteen bodies were found, frightfully mutilated, legs and arms having been blown off and heads battered almost beyond recognition.

The management of the mine declares that between sixty and seventy men were under ground at the time of the explosion, and that there is no hope that any one will be brought out alive. The women and children, however, remained at the pit head all night Tuesday refused to leave until the bodies of their dead are brought to the surface. Nothing else will console them of the hopelessness of waiting.

DASTARDLY ATTEMPT.

Port Made To Blow Up Contractor's House at Pratt City, Ala.

Birmingham, Ala., Aug. 20.—A dastardly attempt was made at 1 a. m. Wednesday morning to completely blow up the residence of Thomas Duggan, contractor in Mine No. 6, of the Tennessee, Coal, Iron and Railroad company at Pratt City and a heavy quantity of dynamite was thrown on the porch.

The explosion which followed dislodged people for blocks around, even being heard in the city. The house was almost blown over.

Two daughters of Duggan were sleeping in the front room directly in front of where the dynamite exploded, and were thrown out into the hall, both rendered unconscious. They were revived some time later and were found not to be seriously injured. Nine persons were asleep in the house at the time.

Twenty minutes later the home of Anthony Davis, a negro miner, was dynamited, but no one was hurt. Reports received here indicate that there is considerable unrest throughout the mining district and further trouble is looked for. The statement of the operators' association that there is no question for arbitration and that they would never again make a contract with the United Mine Workers of America but intended operating their mines on the open shop plan has been well circulated throughout the district and may bring the controversy to an immediate focus.

The dynamiting at Pratt City is likely to bring about activity in the military forces and some changing of action is anticipated.

Price of Pig Iron Goes Up.

Birmingham, Ala., Aug. 20.—An agreement has been made that Alabama pig iron manufacturers were selling \$11 per ton for No. 3 Foundry Iron, the highest price since the depression came on last October, and at some sales have been made at the new quotation.

Many Arrests for Fraud.

Denver, Aug. 20.—Thirty persons have been arrested here in connection with the discovery of a systematic scheme to cancel postage stamps, millions of which have been sold after being returned in War-

ANNIS-HAINS TRAGEDY.

Possible Motive for Killing of Annis At Boston, Mass.

Boston, Aug. 20.—A possible motive for the killing of William E. Annis at Bayside Yacht Club last Saturday by Captain Peter C. Hains, Jr., may be found in the fact that Mrs. Hains had filed a suit against her husband, the papers being served upon Captain Hains in New York on Aug. 10th. The fact that a suit had been filed became generally known Wednesday. In her suit Mrs. Hains is said to have made sensational charges against her husband's character and she demanded in her petition that the case itself, an action for divorce, be given a public hearing. The report of the filing of the suit against Hains by his wife is confirmed by Charles H. Libbey, father of Mrs. Hains. It is believed by Mr. Libbey and his daughter that Captain Hains and his brother, T. Jenkins Hains, concluded that Mr. Annis was behind the bringing of the accusations and that it was Annis who suggested to Mrs. Hains that the only way she could clear herself of the charges preferred by Captain Hains in his divorce action was by demanding that the case be tried in open court.

In speaking of the case Mr. Libbey said that his daughter had been subjected to the greatest cruelty by Captain Hains and that she returned to her father's home on June 2 a few days after she had been cruelly beaten and ill-treated by her husband in the presence of his brother Thornton. According to Mr. Libbey, Captain Hains attacked his wife at Fort Hamilton last May and as a result of the beating he is alleged to have given her, medical aid had to be called in, her body being cut and bruised. Mrs. Hains and her mother are still in New York and are not expected back in Winthrop for several days. They desire to secure the control of three children of Captain and Mrs. Hains and are prepared to resort to legal measures to bring this about.

ROBBERS STILL UNKNOWN,

But Stolen Checks Still Continue to Turn Up.

Washington, Aug. 20.—Checks drawn on the treasurer of the United States to officials of the public health and marine hospital service which were recently stolen from a messenger in front of the Department of Commerce and Labor building in this city, continue to be received by Chief Wicks, of the secret service.

The pouch was found between this city and Alexandria, Va., but the thousand dollars in checks had been abstracted. So far the identity of the robber has not been learned.

Wednesday one of the checks drawn in favor of A. M. Glennan, assistant surgeon general of the marine hospital service for \$213.34, was received through a local bank which had been cashed by the Mafia National bank of Mafia, Tex. Another in favor of F. B. Scott, of the same service, for \$8, was received from the station agent of the Southern Pacific railroad at San Antonio, Tex., who found it on the station platform. It had been endorsed.

Will Be Made a Test Case.

Honolulu, Aug. 20.—Masak Suiki, a Japanese who had obtained first naturalization papers from the United States circuit court in New York city, has applied here to the United States circuit court for his second papers. The matter has been referred by cable to the department of justice at Washington, D. C., as a test case to determine the right of Japanese to naturalization.

Attempted Assassination.

St. Petersburg, Aug. 20.—A second unsuccessful attempt was made to assassinate the chief of police of Pyskorski, M. Von Ogilvie. Three men emptied their revolvers at the chief but failed to hit him. The police shot down one of the revolutionists, but the other two escaped.

College Treasurer Suicides.

Utica, N. Y., Aug. 20.—Rev. Jas. Duane Phelps, treasurer of Syracuse university, shot and killed himself some time during Tuesday night. He left a note saying he did not wish to live any longer. It is understood that a love affair was the cause.

TROOPS LEAVE CITY

Riots at Springfield, Ill., Now Regarded as History.

RESUMES NORMAL CONDITION

Business Men Expect an Early Resumption of Normal Business Conditions After Recent Exciting Events at Springfield.

Springfield, Ill., Aug. 20.—Coincident with the departure for their homes Wednesday of the First and Fourth infantry regiments which have been on riot duty here, it was announced that the Third and Fifth infantry regiments departed Thursday. This will reduce the military force here to about 500 men, an ample number to handle the situation, which has shown a much less serious aspect since the meeting of the special grand jury Tuesday. The determination to follow up Wednesday's departures with two more on Thursday, was reached at a conference of Governor Deneen, Major General Young and Adjutant General Scott, but it was not announced until Wednesday morning that the riots are now regarded as history, and business men anticipate an early resumption of normal business.

The reduction of the force will save the state about \$20,000 a day, it is stated.

The national guardsmen have worked hard and effectively since their arrival and their personal conduct, according to officers and citizens alike, have been exemplary.

"I am of the opinion that the departure of the troops will do much to complete the quieting of the city," said General Scott. "The presence of the soldiers has the same effect on some people as a brass band does on a small boy. The small boy has to dance to the music. To some men, notably, young ones, the sight of soldiers in itself is exciting, no matter what the purpose of their presence is. The young man feels that he must get into the posture and sometimes he does it in a way that calls for repression. Conditions in this city are now such that an active sheriff with a good force of deputies, reinforced by the police, could, in my belief, be safely trusted with the public safety."

RACE FEELING IN ILLINOIS.

White Miners Refused to Work with Negro Miners.

Springfield, Ill., Aug. 20.—While the new special grand jury, empaneled Tuesday, was hearing witnesses in riot cases and citizens were holding a meeting, the antagonism between whites and blacks, already responsible for seven deaths and scores of injuries, struck underground.

White miners at the Woodside coal mine, a mile out of town, and the Tuxhorn mine, four miles distant, refused to work with negroes. The two mines employ about 500 men, about 150 of whom are negroes.

The white miners came to President Clark, of the Springfield subdistrict of the United Mine Workers, with the declaration that the negroes were armed and they did not feel safe in the underground darkness with them. On the other hand, it is said, that the negroes have armed themselves, with no thought of taking initial action, but to protect themselves in the event of a repetition of the rioting of Friday and Saturday nights.

President Clark said that so far as he knew there had been no clashes between the whites and blacks in the mines.

Tragedy in Louisiana.

Monroe, La., Aug. 20.—As a result of a duel between two brothers at Bossco, eighteen miles south of Monroe, Benjamin O. Littlepage is dead and Joseph K. Littlepage is reported to be badly wounded. The Littlepages are among the most prominent planters in this section of Louisiana. Benjamin was president of the Ouachita police jury, and a member of the state democratic committee, while Joseph is a member of the school board. Differences had existed between the brothers for some time.

NO SOLUTION BY ARBITRATION.

Question in Dispute Between the Netherlands and Venezuela.

The Hague, Aug. 20.—After a nine-hour session during which the dispute between the Netherlands and Venezuela was canvassed exhaustively in all its phases, the cabinet dispersed shortly after midnight Tuesday night and Minister of Foreign Affairs Van Swinderen proceeded to the royal chateau to acquaint Queen Wilhelmina with the result of the council.

The terms of the Netherlands answer to the letter of President Castro of Venezuela were fully discussed, and it is understood that the actual text as well as broad lines of action drawn up to meet any possible eventualities were agreed upon.

In diplomatic circles here the view is entertained that the present difficulty between Holland and Venezuela is not of a nature to be settled by arbitration and in explanation it is pointed out that the dispute is not of a private commercial character like the difficulties that have arisen between Venezuela and Great Britain, Germany and America. In these cases the governments in question sought satisfaction for claims, but Holland has no claim against Venezuela. It is maintained here that the present question is rather one of sovereignty and national honor, matters which are not susceptible of solution by arbitration.

JOHNSON SAYS NO.

Positively Not a Candidate for Re-Nomination for Governor.

Minneapolis, Minn., Aug. 20.—Notwithstanding Governor John A. Johnson's oft-repeated declaration that he would positively not be a candidate for re-nomination for the office of governor of Minnesota, and which has lately been coupled with the threat that if he was named against his will the convention would have to do its work over again, the probabilities on Wednesday were that the democratic convention would ignore the governor's wishes. Tuesday when the fact was brought to his attention that he might be made the nominee, despite his protests, Governor Johnson said that if he was nominated the ticket would be without a head, for he would not lift his finger to further his candidacy.

This emphatic declaration may have its effect and in that event J. G. Aronson, mayor of Stillwater, Minnesota, will undoubtedly be the nominee. However, several counties have declared for Johnson and there may be a large sized vote for him on the first ballot.

HINSEY EXONERATED.

Was Styled the "Captain Dreyfus of Knights of Pythias."

Chicago, Aug. 20.—John A. Hinsey, the "Captain Dreyfus of the Knights of Pythias," after suffering seven years' expulsion from his lodge and a charge of embezzling half a million dollars, has been exonerated and reinstated.

Hinsey, who is head of the claim department of the Chicago, Milwaukee and St. Paul railway, and one time a political power in Milwaukee, was restored at the recent biennial convention of the Pythians in Boston.

Prominent Georgian Dead.

Griffin, Ga., Aug. 20.—Judge Edward W. Hammond, a prominent citizen of Griffin for many years past, and one of the best known jurists in Georgia, died at his home here Monday night. He had been in declining health for quite a while, suffering with a complication of diseases and was partially blind for a year past, but the immediate cause of his death was paralysis.

King Alfonso Wins Prize.

Bilboa, Aug. 20.—King Alfonso, sailing his own cutter, the *Corsa*, won the first prize in the ten meter class and the first heat in the series for the Lydon cup. The king's victories were received with the greatest enthusiasm, as up to the present he had been most unlucky in the races in which he was entered.

Kaiser Gives Money to Science.

Berlin, Aug. 19.—The emperor has given \$24,000 to the Robert Koch fund for fighting the spread of typhoid.

REACHED AGE LIMIT

Rear Admiral Evans Passes From Ranks of Navy.

HE IS SIXTY-TWO YEARS OLD

One of the World's Greatest Naval Commanders Has Laid Down Arms, and Will Probably Not Enter Service Again.

Lake Mahonk, N. Y., Aug. 20.—Far from grim warships and the sea, where he spent nearly half a century in the service of his country, Rear Admiral Robley D. Evans, of the United States navy, who is at this quiet mountain hotel, reached the age limit of sixty-years Tuesday and passed from the ranks of the country's active sea fighters.

Here, where fourteen peace conferences have assembled, sending forth to the world appeals to lay down arms, one of the world's greatest naval commanders laid down his arms, probably never again to take them up in the defense of the country he has served so well.

His has been the longest service, by two years short of a half century, of any man who has reached the office of rear admiral in the United States navy.

All through the day the hotel was thronged with admirers of "Fighting Bob," as his friends delight to call him, eager to congratulate him on many more happy and useful years. Telegrams by the score reached him from all parts of the country, all expressing felicitation and affection for the man who has done so much to build up the American navy.

WHAT FIGHTING BOB SAID.

Incident in Connection With Battle of Santiago.

New York, Aug. 20.—A special dispatch from Lake Mahonk brings the following story of Admiral Evans. The other day a friend asked him:

"Admiral, is there any truth that after the battle of Santiago you called out from the bridge of the Iowa to a captain of another battleship:

"Those Spaniards can't fight a damned thing but water?"

Admiral Evans laughed and replied: "I will tell you what I really said, and what the incident really was," he said.

"One drizzly day during the blockade we stood in toward the harbor and shelled the shore batteries. It was not as exciting as it might have been, for whether we hit anything I do not know. I knew the Spaniards did not quite come near us. After the shelling was over, a press boat lay alongside my ship and a newspaper man asked if we had been hit. I shouted back: 'They didn't touch us. The Spaniards didn't hit a thing except the water, and they couldn't have hit that if there wasn't so damned much of it.'"

MANY BADLY INJURED.

Explosion of Dynamite Under Vessel at Detroit.

Detroit, Mich., Aug. 20.—Thirty-four men were seriously injured, six of them probably fatally in the lower Detroit river when a cargo of dynamite exploded under the drill vessel *Destroyer*, which has been working on the new Livingstone channel.

The day shift started to clean out a hole over which the drill lag, preparatory to a blast, when a charge of dynamite left in the hole by the night shift exploded without warning.

When the tug *Columbia* reached the scene the *Destroyer* was found badly wrecked and the docks strewn with maimed and bleeding workmen. The injured were taken on board the tug and hurried to Amblerberg for medical attention.

Lawshe Addressed Editors.

St. Paul, Minn., Aug. 20.—A. L. Lawshe, third assistant postmaster general, was the principal speaker at Wednesday morning's session of the National Editorial association. His subject was "The Attitude of the Post Office Department Toward Newspapers and Editors." Lawshe said:

Mr. Chambliss Tells of Visit to Experiment Station

Ocala, Fla., Aug. 17, 1908.

Editor Ocala Banner: The principal object of my recent visit to Gainesville was to learn of the work being done at the Experiment Station. Prof. Rolfs, the director, was at work with his stenographer on three baskets of letters, but, as he was good natured, and seemed willing to give information, I asked: "What good are you doing the people?" He reached for and opened a big fat letter which contained a piece of grapefruit rind and some citrus leaves, green next to the stem but dead at the points. He called this "withertip," and gave the inquirer an answer that will send him on his way rejoicing. Other letters told of certain spray mixtures which did or did not produce desired results. Still others asked all sorts of questions. If he had not been saving his mail, he earns his salary. I then asked to be shown over the farm. I had seen two years ago the elegant grounds and buildings of the University of the State in process of erection, but wished to see how much had been done in turning raw pine and tangled hammocks into the condition necessary to test plants. Once my idea was that a demonstration of great crops was the object, but the making of 300 or 500 bushels of potatoes, or the intensifying of crops already known, is not the work of experiment stations. It is their business to try out the unknown, and often impossible crops, if, perchance, a valuable addition may be made to those we already have; or, in case some weakness or disease has appeared, to learn the manner in which this weakness or disease originated, spreads or survives. For instance: Prof. Fawcett has many cultures of the fungus which grows on citrus trees, commonly known as "die-back." I saw it thriving in a sterilized glass tube on a piece of potato. This is only one of many experiments upon which he is working, and if it can be learned how one of such pests carries itself from season to season, and gives out information leading to its elimination, it will be worth enough to the State to pay many years' expenses of the station work. In another place there were samples of corn, crossbred between varieties, which indicate that the good keeping qualities of the flinty sorts may be blended with the good shape and producing qualities of some other. This is done by planting of those stalks not wanted as breeders. There were some very showy plants of Guinea and natal grasses, and we will soon be able to learn the exact cost of seeding and producing an acre of these and other grass and forage crops.

In live stock there is the interest-

ing test being made of breeding five native cows to each a Shorthorn, Hereford, and scrub or native bulls. The produce of these experiments cannot, of course, be valuable enough to cover the cost of keeping these animals, so private individuals would hesitate to take up this work. Besides, nowhere else can these three breeds be found in one ownership and be kept under exactly like conditions; so were it not for the station, these trials, with weights of calves at various ages and final block tests, would not be made.

It would be tedious to enumerate the many valuable things going on there, but, in short, I wish to say that the experimental farm is well laid out, and, considering the newness and roughness of land, a good showing has been made, and every department seems to be "making good." The building of the Experiment Station proper is yet unbuilt, owing to lack of available funds to meet the appropriation granted for the purpose, and the laboratory work is being done in parts of the University buildings, which are very much unsuited for the purpose. A poor quality of plaster was used, and it can be imagined what effect is produced on some professors when a bit of this poorly made mortar drops into and ruins an experiment which he had been at work upon for months, perhaps necessitating a new start.

Looking back at the University and station with their location, it is convincing that the work being done, and to be done, will fill with pride any citizen who investigates their merit. Gainesville is, in many respects, a good town, and surrounded by a good farming section, like Ocala. The resources and prospects are so much the same the two towns should be the best of friends, and their rivalry should be to the advantage of both. Shorthorn beef cattle are prospering in Alachua, as in Marion. The herd of pure-breds and grades belonging to A. L. Jackson remind one of the prairie States, while those of Stringfellow, Kincaid and others, who began later, are making fine progress.

Z. C. CHAMBLISS.

Ten Years in Bed.

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P. of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." J. W. McCollum & Co.

Sun office for calling cards.

Woodpeckers Destroying Many Telegraph Poles

Birds are destroying the telephone and telegraph poles in the South and Southwest, particularly in Texas, Arizona and California. In some places fifty per cent of all the poles along the right-of-way have been riddled by these innocent offenders, which belong to the woodpecker family.

One of the Western Union officials, who has recently returned from an inspection through the West, reported having seen twenty-five telephone poles with two or three hundred holes drilled clear through them. Some of the holes were three or four inches in diameter.

An officer of the Illinois Central railroad counted the white cedar telephone poles along the right-of-way near Covington, Tenn., which had been affected by woodpeckers, and found that out of 265 poles, 110, or 41 per cent, had been bored.

In some cases destruction of the pole takes only a few months and the weakened condition makes it dangerous for a lineman to climb the stack.

The real object of the birds in drilling the holes is uncertain. One telephone man said that the humming of the wires was mistaken by the

birds for insects excavating beneath the surface of the wood, and that they drilled the poles in quest of these imaginary insects. It is very probable, however, that the holes are excavated for an entirely different purpose. The woodpecker is a provident bird. At the proper season it stores up a supply of acorns and other foods for future consumption. In the summer these holes are often found stored with acorns.

Many methods for preventing this damage have been suggested, but probably the most successful is preservation with creosote. A line of creosoted poles, opposite the one near Covington, was examined, and not a single hole was found. When it is considered that creosote will not only prevent the damage caused by the woodpecker, but also protect the pole indefinitely against both insects and decay, its great value as a preservative is apparent.

The Forest Service has spent considerable time in developing a cheap yet efficient method for the treatment of telephone and telegraph poles. The results of the work are embodied in several Forest Service circulars, copies of which may be obtained without cost from the Forester, Washington, D. C.

PATE SIMS IS NOW BEHIND THE BARS

Arrested Again Wednesday When He Interfered With Officer.

THREATENED LIFE OF DEPUTY

Although He Was Out on Bond Pending His Good Behavior, He Will Now Have to Answer to a More Serious Charge.

Pate Sims, a lad only in size and possibly years, but who is undoubtedly one of the toughest of young criminals ever known in this county, is again languishing behind the prison bars.

He was only recently released from the county jail upon bond which was stood by a kind old gentleman from High Springs, and to whom Sims promised that he would lead a different life if he were allowed his freedom until the next term of court, when he is wanted upon a charge of breaking and entering.

For a while all seemed well, the young man apparently living up to his promise until the recent occurrence at High Springs wherein Moreland lost his life, since which time the young fellow has let his feeling in the matter get the best of him and he has been too free in his expressions both to the officers and the general public. It was while he was on one of his rampages Wednesday evening that Marshal Bryant found it necessary to place him in jail and not allow bond, afterwards bringing him to this city where the charge will be more serious than the first—that of interfering with an officer.

On Wednesday, while Deputy Sheriff G. W. Livingston and Detective Chas. Eaton of Lake City were at High Springs working up evidence in the Moreland case and questioning several parties, young Pate Sims advanced to them and administered some of the most sensational cursing that was ever known, and in fact the marshal says that it was the worst he had ever heard from any man, much less a boy.

He even went further than this by attacking Deputy Livingston and kicking him, while he several times threatened the life of the individual unless he relented in his duties in searching for new evidence. Owing to the very extreme smallness of the boy, and the mere fact that he is yet in his knickerbockers, Mr. Livingston paid no attention to the youngster, but as the marshal noticed the matter he at once arrested the lad.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Electric Bolt Kills Farmer.

McDonough, Ga., Aug. 20.—During a lightning and rain storm Mr. Ben Patillo, who resides 12 miles north of McDonough, was struck by lightning while out in his lot and instantly killed. His son-in-law was in the lot with him and he, too, was struck, but he will recover from the shock. Mr. Patillo was about forty-five years of age. He was one of the substantial farmers of the northern part of this county.

Town Jarred by Earthquake.

Eureka, Cal., Aug. 20.—Three sharp earthquake shocks, which tore down more than a hundred chimneys, shattered about forty plate-glass windows in the business portion of Eureka, broke much crockery in houses and sent many people scurrying from their beds into the streets, occurred here Tuesday. The damage reported so far is estimated between \$2,000 and \$3,000.

Warning.

If you have kidney and bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. J. W. McCollum & Co.

"That Which Is Worth Having Is Worth Advertising For"

The old adage that what is worth having is worth asking for is still true—true of the more intricate life of today.

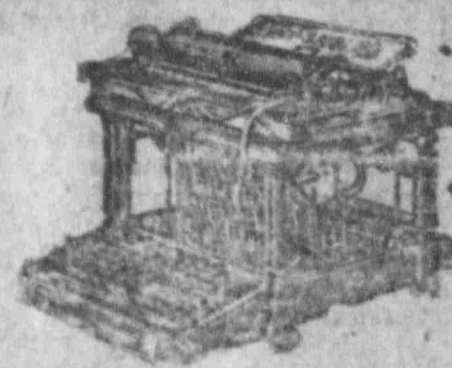

The thing you want—whether it is a used piano or a home, whether it is a ready-made business or a lost pocket-book—is obtained readily through advertising, and with difficulty, or not at all, through other means.

A Fire in the Night

Is always a horrible experience to those who have been burned out and left homeless—especially if they have had no insurance to cover their loss. Don't get caught like this, but, like the wise virgin, have your lamps trimmed and burning and be ready for the fire fiend by having a policy in one of the best fire insurance companies.

MARSHAL ARNOW HAS AN EXCITING TIME

Owens Attempts to Carve the Officer With a Razor.

ARNOW EQUAL TO THE OCCASION

Arnow had an exciting experience on Wednesday night when he attempted to place John Owens in the city jail on a minor charge, and for a few minutes things were rather lively for the little man.

John Owens is a big strapping negro and accompanied the officer all right until the jail lot was reached, when he attempted to make hash of the officer with his trusty razor he had concealed in his coat pocket, and which the marshal was unable to find upon searching him.

The negro made a slash at Arnow and only slightly cut his coat, but when he came for the next lick he was responded to with the billy, when the razor was dropped. The negro was gritty, however, and came at the marshal with his fists; the officer then knocked him down twice in succession and thought he had him safe, when he was up and on a run.

Several shots were fired by Marshal Arnow and Officer Walker, who was attracted to the scene, and it is thought that some of them took effect, but the negro could not be located after having been chased around several blocks to the high weeds surrounding the Tabernacle.

That the darkey will soon be located there is no doubt, for the marshal well knows where to look out for him and he proposes to spare no pains or expense to capture the culprit.

Was Captured At Archer.

Since the above article has been put in type a telephone message from Archer bears the information that the negro had been arrested there by Deputy Sheriff Smith and that he would arrive here with him on the late freight.

Upon arrival and investigation it was found that the negro had been shot in the leg, and outside of one cut over the eye, he was not bruised up, although large whelps on his head indicate the fact that the marshal dealt him several severe blows in order to subdue him and to keep him from getting the better of the fracas. His trial will be held before Mayor Davis this morning.

Active at 87.

This would be unusual news if men and women would keep themselves free from rheumatism and all aches and pains as well as keeping their muscles and joints limber with Ballard's Snow Liniment. Sold by W. M. Johnson.

EASY TO MOVE

Nothing is more exasperating to the housewife than a bed which is hard to move.

With this special thought in mind BERNSTEIN BEDS are all equipped with large-size, easy-running castors which allow the bed to be moved easily, and with no danger of damage to carpets, rugs or matting. The rollers are made of genuine lignum vitae—the hardest wood that grows—shelacked and polished.

The Bernstein Attachment.

The Bernstein is the original three-part bed.

The Bernstein Attachment (covered by patents) holds the side rails or frame to the foot and head. Very simple in principle, yet holds the bed rigid and firm. Joints can not rattle or shake. Head and foot stand perfectly erect and solid. Easily and instantly detached. In half a minute the BERNSTEIN BED can be taken down without tools or hammer—just the hands alone. Any woman, any girl can do it.

This is the attachment that makes the only practical three-piece bedstead made.

It is a remarkable fact that a full-sized Bernstein Bed—either Enamelled or Brass—will sustain an actual weight of twenty-five ordinary persons, or nearly two tons. This extreme strength, with absolute rigidity, makes the Bernstein Bed an article of household utility that will last a lifetime—can be handed down from generation to generation.

SAVINO RANANDO IS READY FOR HIS FATE

Perfectly Willing to Accompany the Officer Back to Brooklyn.

MADE STATEMENT THURSDAY

Told the Detective, Sabatore Santoro, That He Was the Man Wanted and the Guilty Party—Glad to Go Back And Face Charge.

Sabatore Santoro, of the Brooklyn (N. Y.) Detective Bureau, arrived Thursday for the purpose of conducting the fugitive, Savino Ranando, back to Brooklyn, where he will stand trial upon a charge of murder.

The representative of the Brooklyn Detective Bureau readily identified him as the guilty party, and he made a full confession to the officer, assuring him that he wanted to go back and stand trial upon the charge, and was ready to go to the chair, hang or submit to anything else that the officials cared to impose.

The self-confessed murderer seems to think, however, that he was justified in his rash act of stabbing his sweetheart, as it seems to be some kind of a "law" in their country, or something to that effect.

From all appearances one would not judge the prisoner to be a criminal, as he dresses well and has a neat appearance, being far above the average-looking Italian, and in fact would pass for good-looking—with just a little more "trimmings."

The detective, who himself is an Italian, took no chance with his man's freedom in wanting to go back, and made him secure with both handcuffs and chain and himself looked as if he was a shrewd member in his line.

BUSY SESSION FOR MAYOR.

Five Cases Up Before Mayor Davis on Thursday Morning.

Mayor Davis held an unusually interesting session of court Thursday morning, when there were five cases up for his consideration.

J. Pappy forfeited a cash bond of \$5 for drunk and disorderly.

Walter Stubbs forfeited his cash bond for being on a plain drunk, which was a five spot.

Elias Williams, known to be a good hard-working darkey, had some trouble with his better half, when he used language not found in the good book, but owing to his good character, was fined only \$2 and costs.

Solomon Thomas was arraigned upon a charge of disorderly conduct, but the evidence was insufficient and the mayor allowed him to go with a good lecture.

Chas. Allen was up for disorderly conduct, but was turned loose. In this case it seemed as if the prosecuting witness should have been the one up instead of the accused.

Orino Laxative Fruit Syrup is sold under a positive guarantee to cure constipation, sick headache, stomach trouble, or any form of indigestion. If it fails, the manufacturers refund your money. What more can anyone do? J. W. McCollum & Co.

HIGH SPRINGS PEOPLE ARE INDIGNANT

Hold Mass Meeting and Appoint Committee to Resolve.

TAKE EXCEPTION TO METROPOLIS

Committee Appointed to Draft Suitable Resolutions Condemning Action of That Paper Concerning Recent Tragedy Enacted in That Town.

The citizens of High Springs held a mass meeting Wednesday night which was largely attended, and a great deal of indignation was displayed regarding the recent published reports in the Moreland murder case.

The meeting was attended by some two hundred of the leading citizens of the place, and much condemnation was expressed by those present in regard to the published report of The Metropolis.

A committee was appointed to at once draft suitable and condemnatory resolutions regarding the course of The Metropolis, and showing at the same time that the good people were doing their utmost to ferret out the guilty parties.

The meeting will again be called together as soon as the necessary resolutions are prepared, showing that the best citizens of the town will be found ever ready to do all possible to bring the guilty ones to justice.

NO POETS IN UNITED STATES.

Miss Catherine Hudgins Awarded Prize in Novel Contest.

Mr. James Bryce, author of "The American Commonwealth" and British Ambassador to the United States, in an interview implied that this country lacked poets.

If Mr. Bryce had seen the thousands of replies received in the Old English Curve Cut Limerick Contest he would possibly be inclined to think that the Limerick contests were accomplishing quite a little toward developing poets.

As an incentive to inspire the poets and near-poets to writing a fifth line to the following incomplete limerick, cash prizes for the month of June were offered aggregating \$1,000 and \$250 in presents: Cried a smoker, "Alas for my plight! Wife objects to my smoking at night." But his friend said "Tut, Tut: Smoke Old English Curve Cut."

Miss Catherine Hudgins of this city is to be congratulated in having been awarded a prize against so large a field of writers.

White Springs—Go and return Sunday, \$2. Go Saturday, return Monday, \$2.50. Tampa and Jacksonville Ry. Leave 5:50 a. m., 5:30 p. m.

Are YOU Being "Hunted?"

One of today's want ads. may be hunting you—ransacking the city for you. It may have a message for you of urgent personal importance—one that, when you get it, and heed it, may change the immediate currents of your activities, of your interests—may even place around and about you new environments, new associates; may give you an entirely new start in a business way.

Isn't it worth while to try to find out whether this may not be true—today, tomorrow, or very soon?

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for \$5 a year; \$2.50 six months; \$1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, state and general, and will be mailed, postage free, to any part of the United States or Canada, for \$1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

A FINE SHOWING.

The financial statement of the Board of Public Instruction of Alachua County, which appears in today's Sun, certainly reflects great credit upon the management of the county's school finances during the past three and a half years.

When Dr. J. L. Kelley assumed the duties of county superintendent in January, 1905, the previous financial statement, published November 29th, 1904, showed a net indebtedness of \$74,253.60, whereas, if the State had met its obligations to the county, the statement published today would show the board not only out of debt, but with a cash balance of \$3,022.16 to their credit. The State is due the board on State aid for 1906-7 \$2,170; for State aid for past year on eight per cent average attendance clause, \$2,020; for senior and junior schools, \$3,980, making a total of \$8,150, or \$3,022.16 more due the board by the State on July 1 than the net indebtedness. It can readily be seen that if the State had kept its obligations to the county, as it was naturally supposed would be done, and the taxes paid as they should have been, every warrant would have been cancelled and the board would have had a nice cash balance. The board had confidence in the State, and hence had the schools taught and paid the teachers their salaries.

Since making up the statement as required by law the taxes of the S. A. L. railway, amounting to \$7,092.19, have been received, and this amount does not appear in the statement. The G. & G. taxes, amounting to about \$1,000, are still unpaid, and had these amounts been paid prior to July 1, 1908, added to what the State is due, the board would have had a cash balance of \$11,114.35 to its credit on July 1, 1908, as against a net indebtedness of \$77,253.60 July 1, 1904, the great difference of \$88,367.95.

This is certainly a monument to the credit of Supt. Kelley and the Board of Public Instruction, especially to the efficient chairman, R. B. Weeks, who has been a member and chairman of the board during the entire time.

That the people made no mistake in electing Dr. Kelley in 1904 is shown by the results of his administration, and it is therefore no wonder that so competent an official should have been re-elected the present year against the very strongest candidate that could have been brought out against him. Not only has he been instrumental in bringing the county school fund out of debt, but the school term has been increased from four to five months, and the coming term will be six months.

If the President said what he said he said, then what Loeb said and Oliver said and Wright said he said was not what he said at all.

Apparently the makers of all the most popular brands of cigarettes have been selected as members of the new Turkish cabinet.

Times are getting better. A New York exchange notes that Mr. John D. Rockefeller is painting his barn.

Flopping around so much, these flying machines are getting the air all stirred up.

APPEAL TO DEMOCRATS.

Hon. T. A. Jennings of Pensacola, Florida member of the Democratic National Committee, makes the following appeal for contributions to the campaign fund:

"To the Democrats of Florida:

"The prospects for Democratic success in the Presidential election are bright this year providing the campaign committee can secure sufficient money with which to conduct the fight. Funds are needed to defray the expenses of speakers, to prepare and circulate literature, and to properly present the Democratic policies and arguments to the public at large.

"Mr. Bryan, the nominee, and Chairman Mack, of the National committee, have both issued appeals for popular contributions to the campaign fund. In some sections of the country these appeals are being heeded and the people are contributing in a very satisfactory manner. We should do as well, or better, in Florida.

"Florida is a Democratic State. We do not have to make the fight here that is necessary in the doubtful States, but we are as much or more interested in securing a Democratic administration as they are. For that reason we should raise money for use in those States where it is needed, because there is where the fight will have to be made and the issue decided, and because there is where a proper and legitimate campaign fund is absolutely necessary if the party is to win this year.

"For these reasons I urge the Democrats of Florida to contribute as liberally as their means will permit. More than 50,000 votes were cast in our recent primary. An average of \$1 each would make a very respectable showing for this State, and there are few voters who cannot afford to contribute at least a dollar, while others can give more.

"As one means of getting out a good vote in this State in the November election and of raising money to be used by the National campaign committee now, I urge the immediate organization of Bryan and Kern clubs in every county in Florida. I also urge the newspapers to assist in the work of awakening public sentiment to the necessity of raising this money and I would suggest that every paper in Florida offer to receive contributions for the National campaign. This money can be sent to me and I will immediately turn it over to the National campaign committee, or it can be sent direct to Governor C. N. Haskell, Treasurer National Committee, Guthrie, Oklahoma.

"Believing that the Democrats of Florida, when fully awakened to the necessity of the situation, will respond liberally to the call which Mr. Bryan and the campaign committee have made, I am

"Yours for Democratic success,

"T. A. JENNINGS,
National Committeeman.
Pensacola, Fla., Aug. 15, 1908."

Queen Wilhelmina is anxious to give Castro a spanking. The Monroe Doctrine should be too galant to refuse the lady's request.

It seems to be difficult to convince some of the West Point cadets that they are expected to be gentlemen as well as soldiers.

If seventeen editors couldn't write a good speech for Mr. Hearst there should be some rapid firing along the line, you bet.

Washington ought to be ashamed of itself, forcing the poor thermometer to work up to 103 degrees in this hot weather.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and it is entirely closed. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENNY & CO., Sold by druggists, 73c. Toledo, O. Take Hall's Family Pills for constipation.

The Star takes great pleasure in reproducing Mr. Z. C. Chambliss' letter to The Banner, giving his impressions of the experiment station connected with the University of Florida, at Gainesville, and the profitable work it is doing for the producer of the State. We know this institution of learning and experiment station costs the people of Florida a great deal of money, but if the intelligent producers will read, digest and utilize the result of experiments made, they not only personally will be the gainers, but the people of the State as a whole will reap dollars where it costs cents to secure this information. This work the world over is recognized as the greatest help that can be given the producers of fruits, grains and stock, and he who is wise will heed the results of experiments made at Gainesville. If the people most interested do not improve these opportunities it is their fault if they suffer thereby and there is no excuse but ignorance if they heed the demagogue who goes out on the stump and tells the people they are being robbed by the wasteful and useless efforts made along the lines suggested for the betterment of the conditions of those whose material interests lie along the lines named in Mr. Chambliss' letter. You should not fail to read it.—Ocala Star.

"Who are the three greatest railway men in the country?" asks a correspondent. They are E. H. Harriman.

An expert mindreader could make a fortune in Wall Street just now by telling just what Mr. Harriman thinks.

Judge Taft is said to be "mad all through." Staying at Hot Springs has, no doubt, made him hot in the collar.

Something that is advertised today would probably look better in your home than in any other in the city.

Hundreds of people are "almost persuaded" to buy real estate. They will read your ad.

BAD BREATH

"For months I had great trouble with my stomach and used all kinds of medicines. My tongue has been actually as green as grass, my breath having a bad odor. Two weeks ago a friend recommended Cascarets and after using them I can willingly and cheerfully say that they have entirely cured me. I therefore let you know that I shall recommend them to any one suffering from such troubles." Chas. H. Halpern, 115 E. 14th St., New York, N. Y.

DEEP CRACKS FROM ECZEMA

**FOUND A PERMANENT
CURE IN CUTICURA**

"I had **eczema** on my hands for about seven years and during that time I had used several so-called remedies, together with physicians' and druggists' prescriptions. The disease was so bad on my hands that I could lay a slate-pencil in one of the cracks and a rule placed across the hand would not touch the pencil. I used _____, _____ Skin Lotion, _____, _____ Skin Remedy and others externally but I did not use any internal remedy, and while some gave partial relief, none relieved as much as did the first box of Cuticura Ointment. I made a purchase of Cuticura Soap and Ointment and my hands were perfectly cured after two boxes of Cuticura Ointment and one cake of soap were used. I now keep them on hand for sunburn, etc., and use Cuticura Soap for shaving. I could write a great deal more in reference to my cure but do not want to take more of your time. William H. Dean, Newark, Del., Mar. 28, 1907."

"My little daughter suffered with sores on her legs all last summer. Her feet were sore, too, and she couldn't wear her shoes. I think she was poisoned by running through weeds but the doctor said it was eczema. I tried several remedies but failed to find a cure. Then I sent for Cuticura Soap and Cuticura Ointment which cured her in two weeks. I find Cuticura the best I ever tried for any kind of sore and I hope I shall never be without it. Mrs. Gertrude Laughlin, Ivydale, W. Va., Apr. 25, 1907."

A good roads association has been organized at Crescent City, in Putnam county. -----

The cigarmakers of West Tampa report a much better outlook for the cigar industry.

Sunday afternoon the Woodmen of the World dedicated their new hall in the Adams building in Lakeland.

Kiasimnee now has a board of trade, with a large membership composed of the business men of that section.

Interest is being aroused in Dade county on behalf of the next Dade County Fair, to be held some time during the coming winter.

The election held in Lakeland on last Tuesday to decide whether to issue bonds to the sum of \$40,000 was defeated by a majority of 45.

Permission to proceed with the reconstruction pier at St. Augustine has been granted by the United States Government, through the Secretary of War.

Apalachicola is badly in need of a hospital and a movement has been started with the object in view of establishing a well-equipped hospital in that town.

Detective Monroe Mathews has uncovered a systematic robbery of packages from the Tampa office of the Southern Express Co. A negro by the name of Sam Davis, employed at the office as porter, has been found to be the guilty party. The express company has been missing articles and packages for over a year. In Davis' room was recovered articles to the amount of \$500.

Disagreeable at Home.

Lots of men and women who are agreeable with others get "cranky" at home. It's not disposition, it's the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbine and put your liver in shape. You and everybody around you will feel better for it. Price 50 cents per bottle. Sold by W. M. Johnson.

Notice of Dissolution

Notice is hereby given that the partnership existing between F. T. Rutherford and W. D. Fagan, in the City of Gainesville, Florida, under the firm name and style of Rutherford & Fagan, has this day been dissolved by mutual consent, and that said business will in future be carried on by the said F. T. Rutherford, who will receive and pay all debts of the late copartnership.

F. T. RUTHERFORD.
W. D. FAGAN.
Gainesville, Fla., August 19th, 1908.

What a New Jersey Editor Says.

M. T. Lynch, editor of The Phillipsburg (N. J.) Daily Post, writes: "I have used many kinds of medicines for coughs and colds in my family but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it." J. W. McCollum & Co.

Gville Chemical Co.....	1,200	2,500
J. L. Medlin.....	200	500

The City Council will meet in the council chamber on Friday, August 28th, 1908, at 7:30 o'clock p. m., to hear and determine all complaints, after which date, under the law, no changes can be made in the assessment roll. J. M. DELL, City Clerk.
Gainesville, Fla., Aug. 12, 1908.

NOTICE OF APPLICATION FOR TAX
DEED UNDER SECTION 8 OF CHAPTER
193, LAWS OF FLORIDA.

Notice is hereby given that J. J. Haymann, purchaser of Tax Certificates No. 433, 434, 435 and 436, dated the 6th day of August, A. D. 1906, has filed said certificates in my office, and has made application for tax deed to issue in accordance with law. Said certificates embrace the following described property situated in Alachua county, Florida, to-wit:

A1 and all in Orange Lake. Sec. 3, Tp. 13, R. 21—640 acres.
 A2 and all in Orange Lake. Sec. 12, (Tp. 13, R. 21—640 acres.
 A3 and all in Orange Lake. Sec. 13, (Tp. 13, R. 21—640 acres.
 A4 and all in Orange Lake. Sec. 14, (Tp. 13, R. 21—640 acres.
 A5 and all in Orange Lake. Sec. 20, Tp. 13, R. 21—640 acres.
 The said land being assessed at the date of the issuance of such certificates in the names of Unknown, Unknown, Unknown, Unknown, Unknown, and the certificates shall not be deemed according to law, tax deed will issue thereon on the first day of September, A. D. 1908.
 Witness my official signature and seal this 19th day of August, A. D. 1908.
 J. M. WILSON, Clerk Circuit Court of the County of Clark, Oregon.
 By R. M. CHRYSE, D. C.

MASTER'S SALE

Notice is hereby given that under and by virtue of a Court order of foreclosure made and returned on the 25th day of September, A. D. 1906, by the Hon. J. T. Wicks, Judge of the Circuit Court of the Fourth Judicial Circuit of Florida, in and for Alachua county, in a certain chancery case therein pending, wherein A. C. Dell was complainant and E. G. Spencer defendant, I, the undersigned, as Special Master in Chancery, will, at public outcry in the highest and best way for cash, sell to the highest bidder, at public sale in the City of Jacksonville, Alachua county, Florida, on Monday, the 17th day of September, A. D. 1906, between the legal hours of sale, the following described personal property, to-wit:

One but more about eleven cents and, named "Maid," one-horse wagon, said property to be sold as the property of said E. G. Spencer. To satisfy said decree and said order.

G. M. LA YTON,
Special Master in Chancery.

Uncle Sam's New Foresters; A Sketch of Their Work

Thirty-nine young graduates of nine American forest schools have lately received appointments as Forest Assistants in the Forest Service and have been assigned to positions for the present field season. The new appointees are drawn from the various forest schools as follows: Yale, 18; Baltimore, 5; University of Minnesota, 4; University of Michigan, 4; Michigan Agricultural College, 3; Harvard, 2; Cornell, 1; University of Iowa, 1, and University of Nebraska, 1. They have secured their appointments as a result of passing the regular Civil Service examination, which is the only avenue to employment as a forester under the Government. In addition to these graduates of forest schools, fifteen other candidates passed the examination.

Twenty-two of the new appointees are already at work on various National forests, taking part in their administration, and seventeen have been assigned to different projects connected with the technical study of silviculture. Forest assistants are men who have completed their preliminary training for the profession of forester, as the graduates of a law or medical school have completed theirs, and are ready to enter on practical work. Until they have gained experience in their work, however, their positions are necessarily subordinate. They are at the foot of the ladder, and must prove their fitness in order to mount higher. The Government pays them \$1,000 a year at the start.

On the National forests the forest assistant often acts as adviser to the supervisors in charge, who are Western men experienced in all practical matters, but usually without school training in the science of forestry. Or they may be assigned to the study of some particular problem which needs to be investigated in the interest of good forest management. As forestry means knowing how to get the most out of any given piece of forest land, it calls for studies and experiments, both scientific and practical, much like those which have to be made in the interest of good farm management, and the forest assistant is prepared to do valuable work along this line.

There is a growing interest in the profession of forestry now, and many young men are asking how to get into it and what it promises. Gifford

Pinchot, the Government Forester, has lately written on this subject:

"To be a good forester a man should combine something of the naturalist with a good deal of the business man. To know how to use the forest he must be able to study it. He must have, therefore, the power of observation, a fondness for nature, and the ability to penetrate her secrets. But if he is to succeed he must also have good practical judgment and the ability to meet and handle men. He must be resourceful, able to stand by himself, willing to undergo the privations of rough life, and capable of commanding the respect of rough men, who quickly recognize virility and genuineness of character, but will not tolerate pretense or the assumption of superiority. A forester needs a vigorous mind in a vigorous body. He must be of the kind that likes to get things done, and does not give up when things are not going his way. He will have to face difficulties and work out problems far from outside help, relying solely upon himself. He ought to be hard to whip.

"The professional forester cannot hope for big fees and certain pleasant surroundings of life which crown distinguished success in some other professions. The first prizes which are bestowed upon the great lawyer, the eminent physician, are not yet open to him. He must be content without much luxury; he will have to spend a good deal of time out of reach of the ordinary comforts. He must be able and willing to rough it without complaint—to sleep on hard beds, eat homely fare, endure prolonged exertion and get along with plain people. On the other hand, if he is at all fitted for his profession—and a few weeks of actual forest work or good summer-school work will tell him whether he is or not—there is open to him a very rich reward—life in the open, in the midst of beautiful, healthful and congenial surroundings, creative work of unmatched usefulness in any material field, a place of large responsibility and dignity, and with it all a fair living.

"If the forester's temperament is scientific he will have the joy of the discoverer and organizer of knowledge in a rich and almost virgin field, while if it be practical he will have the chance of sharing in a National work of prime importance to our people both now and hereafter."

GREATLY DECREASED.

Pressure on Treasury for Redemption National Bank Notes.

Washington, Aug. 20.—United States Treasurer Treat states that the pressure on the treasury for the redemption of national bank notes has greatly decreased during the past week, the falling off amounting to nearly 40 per cent. The result, he says, is that the amount of national bank notes unassorted has been reduced from \$67,000,000 to \$56,000,000.

If the decrease continues in the same proportion it will not be more than sixty days before the amount

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and \$1.00.

RHEUMATIC FOLKS

Are You Sure Your Kidneys Are Well?

Many rheumatic attacks are due to uric acid in the blood. But the duty of the kidneys is to remove all uric acid from the blood. Its presence there shows the kidneys are inactive.

Don't dally with "uric acid solvents." You might go on till doomsday with them, but until you cure the kidneys you will never get well. Doan's Kidney Pills not only remove uric acid, but cure the kidneys and then all danger from uric acid is ended. Here is Gainesville testimony to prove it:

Benj. Rush, living at 220 W. Union street, Gainesville, Fla., says: "I had suffered from kidney trouble, and sciatic rheumatism for years. At times I was in such a miserable condition that I could not get out of bed. The kidney secretions acted very irregular, at times being too profuse while again scanty. I spent a great deal of money for different remedies, but did not find any relief until I began using Doan's Kidney Pills procured at J. S. Bodiford & Co's. They went at once to the seat of my troubles and I steadily grew better. I am almost entirely free from rheumatism and the action of the kidney secretions is normal. I attribute this great change in my condition solely to the use of Doan's Kidney Pills.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Conscience Fund Increased.

Atlanta, Aug. 20.—State Treasurer R. E. Park has received a letter from an unknown party containing two \$5 bills, which has been turned into the treasury as an addition to the conscience fund. It was impossible to make out where the money had come from. It was enclosed in a separate envelope inside that addressed to the treasurer, and upon the inside envelope was written the following: "Enclosed find \$10. Place to Cr. State Ga. Pay out where will do most good."

Rival Villages Fight.

St. Petersburg, Aug. 20.—A dispatch received here from Tisherdin gives an account of an armed collision between the inhabitants of two neighboring villages over the ownership of a piece of disputed land. Two men were killed and several were seriously wounded. Ten of the leaders have been placed in jail at Ticherdyn.

Pardon Day in Alabama.

Montgomery, Ala., Aug. 20.—Tuesday was mercy day with Governor Comer. He gave freedom or restored civil and political rights to no less than ten convicts or ex-convicts who have been for several months seeking clemency.

SITUATION AT JELICO.

Trouble at the Mines Still in an Unsettled Condition. Aug. 20.—At midday the situation Tuesday near Jellico, Tenn., where the uprising of white miners against negroes occurred Monday, appears to be quiet, though it is difficult to obtain direct information about the remoteness of the section. Sheriff Hughes, of Claiborne county, Tennessee, arrested five members of the band, believed to be the leaders, and this has done much to settle the situation. The band drove fifty negroes out of their homes at Campbell's mine, near Jellico, rousing them from their beds and forcing them to leave half-clad. Mine owners are speaking lightly of the situation, but that the situation warranted grave fears is not doubted, though the arrest of the leaders has relieved it considerably. Sheriff Huddleston's deputies are still guard over the negroes at Anthrax. Threats were sent out against negroes in the town of LaFollette and Jellico, but the authorities don't take them seriously.

RAPID WORK ON THE CANAL.

Colonel Goethals Thinks He Will Complete It in Five Years.

Washington, Aug. 20.—That the Panama canal can be completed within five years, and at a cost to the government much less than has been generally supposed is the information which Colonel Goethals, engineer in charge of the work, is expected to bring Secretary of War Wright from Panama next month.

Col. Goethals contemplates a trip to the country in September for the purpose of conferring with Secretary Wright on canal zone matters. One of the subjects of discussion will be the estimates for the next year, to be submitted to congress at the coming session.

While here Colonel Goethals will make a trip to Oyster Bay to discuss the situation with the president.

Mississippi Will Fight.

Jackson, Miss., Aug. 20.—The Mississippi Travelers, of which Jackson board of trade and other commercial organizations have joined in a call for a convention of delegates from commercial organizations in the state at Jackson on Sept. 15, to discuss an increase in freight rates proposed by the railroads to carry it to interstate commerce commission necessary for settlement, the case to be in the name of the state railroad commission and the commercial body to bear the expense. Another matter to be discussed is a proposition to urge the next legislature to allow railroad commission the services of an attorney.

Five Persons Cremated.

Marshall, N. C., Aug. 20.—Monday night the home of Wofford Tweed, Laurel Mountain, was destroyed by fire and his wife, Mrs. Tweed, and three children and Mrs. Murray, the grandmother, were burned to death and their bodies cremated. Mr. Tweed was at Marshall attending court when he learned of the tragic event, and left for his farm, which is located fifteen miles from here.

Many Death Sentences.

St. Petersburg, Aug. 20.—Nineteen death sentences were signed in various trials of the Russian empire Monday, at Kharkov, three at Kiev, five at Warsaw and ten at Lodz. The last sentenced are peasants who some months ago were condemned to death for revolutionary activities, but who were granted a retrial by the supreme military court.

Pension Bill Approved.

Atlanta, Aug. 20.—After careful consideration of the status of the bill, Governor Smith has approved the bill passed at the recent session of the general assembly providing for the payment of pensions to Confederate veterans and widows in annual lump sum, instead of quarterly, as it has been the law this year.

Stephens Bill Becomes a Law.

Atlanta, Aug. 20.—Governor Smith approved the Stephens bill passed by the recent session of the general assembly permitting the organization under certain circumstances of military companies independent of the state guard, and not subject to the provisions of the Dick law.

Baby Morphine Fiends

Are made by all soothing syrups and medicines that contain opium and narcotics. McGee's Baby Elixir contains no injurious or narcotic drugs of any kind. A sure and safe cure for disordered stomachs, bowels and troubles—splendid for teething babies. Sold by W. M. Johnson.

LEGAL ADVERTISEMENTS.

MASTER'S SALE.

Under and by virtue of a decree of foreclosure made and rendered on the 24th day of July, A. D. 1908, by Hon. J. T. Wills, judge of the Circuit Court for the Eighth Judicial Circuit of Florida, in and for Alachua county, in a certain chancery cause therein pending wherein P. G. Ramsey is complainant and Mrs. D. C. Robinson, Harry Robinson and L. Robinson, wife of said Harry Robinson, are defendants, I, as a Special Master appointed for the purpose, will sell at public auction, at the door of the court house of said county in the City of Gainesville, for cash to the highest bidder, on Monday, the 7th day of September, A. D. 1908, between the legal hours of sale the right, title and interests of the said Mrs. D. C. Robinson and Harry Robinson in and to the following lands lying and being in the said county of Alachua to-wit: Commencing at a stake near the water of Levy lake and running thence north sixty degrees west, along the line of the Orange Grove lot, six chains and ninety-five links to a stake; thence south sixty-three degrees west twenty chains and thirty-eight links to a stake; thence south fifteen degrees east fifteen chains and eighty-five links to a stake; thence south sixty degrees east four chains and thirty-seven links to a stake; thence south fifteen degrees east twelve chains and seventy-five and a quarter links to a stake; thence east seven chains and one and a fifth links to a stake; thence south fifteen degrees East eleven chains and thirty links to the section line; thence east, along said section line, fifteen chains and one link to Levy lake to a stake; thence north fifteen degrees west, along the edge of said lake, forty-six chains to the point of beginning, and containing 103 acres of land more or less; the said land being in Section 22, Township 11, south of Range 19 east, or so much of their interests in said lands as may be necessary to pay the debts, costs and attorney's fee as directed in said decree of foreclosure with the costs and expenses of sale. Together with all and singular the tenements, hereditaments and appurtenances to said lands belonging.

The said lands to be sold to satisfy said decree with said costs fee and expenses, but such sale is not to affect any contingent right of dower the said L. Robinson may have in her said husband's interest.

C. MATHESON,
HORATIO DAVIS, Special Master.
Solicitor for Complainant.

SHERIFF'S SALE.

Under and by virtue of a writ of execution issued out of the County Judge's Court of Alachua county, Florida, in a certain cause therein pending wherein Alachua County Abstract Company is plaintiff and W. R. Ware is defendant, said execution being directed to all and every the sheriffs of the State of Florida, greeting: I, L. W. Fennell, sheriff of Alachua county, Florida, have levied upon, and will sell before the court house door in the city of Gainesville, Alachua county, Florida, on Monday, the 7th day of September, A. D. 1908, the same being legal sales day, between the legal hours of sale and to the highest and best bidder therefor for cash, the following described property situated in the county of Alachua and the State of Florida, to-wit: The Northeast quarter of the Southwest quarter of Section Twelve, Township Eleven, South of Range Twenty-two East, 30 acres; together with all and singular the tenements and appurtenances thereunto belonging. The said property to be sold as the property of W. R. Ware to satisfy said execution and costs. This Aug. 7th, 1908.

L. W. FENNEL,
Sheriff of Alachua County, Fla.
W. E. BAKER, Attorney for Plaintiff.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 4888, LAWS OF FLORIDA.

Notice is hereby given that Grady Moore, purchaser of Tax Certificate No. 183 and 184, dated the 4th day of April, A. D. 1908, has filed said certificates in my office, and has made application for tax deed to issue in accordance with law. Said certificates embrace the following described property situated in Alachua county, Florida, to-wit: Block 7 and 15, Whetstone Estate, Sec. 33-34, Tp. 7 S., R. 17. Block 14 and Lot 4, Block 22, Whetstone Estate, Sec. 33-34, Tp. 7 S., R. 17. The said land being assessed at the date of the issuance of such certificates in the names of Unknown and G. M. Whetstone. Unless said certificates shall be redeemed according to law, tax deed will issue thereon on the 7th day of September, A. D. 1908. Witness my official signature and seal this 6th day of August, A. D. 1908.

S. H. WIENGES,

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 4888, LAWS OF FLORIDA.

Notice is hereby given that W. N. Wilson, purchaser of Tax Certificate No. 229, dated the 6th day of August, A. D. 1908, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Alachua county, Florida, to-wit: Lot 5, McCarrill Plat., S. W. Gainesville, Sec. 5, Tp. 10 S., R. 21. The said land being assessed at the date of the issuance of such certificate in the name of A. M. Endel. Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 11th day of September, A. D. 1908. Witness my official signature and seal this 10th day of August, A. D. 1908.

S. H. WIENGES,
Clerk Circuit Court Alachua Co., Fla.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 4888, LAWS OF FLORIDA.

Notice is hereby given that A. J. DeCosta, purchaser of Tax Certificate No. 183 and 184, dated the 6th day of August, A. D. 1908, has filed said certificates in my office, and has made application for tax deed to issue in accordance with law. Said certificates embrace the following described property situated in Alachua county, Florida, to-wit: 1/4 of Sec. 24, Sec. 25, Tp. 10 S., R. 21-22-23-24. Sec. 24, Sec. 25, Tp. 10 S., R. 21-22-23-24. The said land being assessed at the date of the issuance of such certificates in the names of E. C. Brown and Atlantic Lumber Company. Unless said certificates shall be redeemed according to law, tax deed will issue thereon on the 11th day of September, A. D. 1908. Witness my official signature and seal this 10th day of August, A. D. 1908.

Clerk Circuit Court Alachua Co., Fla.

Tetter, Salt Rheum and Eczema

Are cured by Chamberlain's Salve. One application relieves the itching and burning sensation.

DO YOU WANT TO
MAKE OR LOSE MONEY

THIS SUMMER?

THERE is no good reason for any "summer dullness" in the stores of this city. That's a strong statement—but its not nearly so strong as the one to follow.

No store in this city ever suffered from summer dullness that was not directly traceable to its advertising policy—that was not INEVITABLE on account of its advertising policy. This is a strong statement—but not so strong as the one to follow.

You—if you who read this are a merchant in this city—HAVE THE ABSOLUTE POWER TO DECIDE WHETHER, during THIS summer, YOUR STORE SHALL LAG AND LOSE GROUND, through ENCOURAGING THE NON-BUYING HABIT IN THE PEOPLE—or shall keep as busy as in the so-called "busy seasons." You decide the matter one way or the other when you decide on how much or how little you will advertise during these summer months.

To really "gain ground" at a time when some stores are lagging and falling back is not only possible—it is an aspiration—worthy of a man who has the habit of accomplishing his purpose.

NEWS OF CITY AND COUNTY CONDENSED

Matters of General Interest Gathered by Our Reporters.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What Is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

Neil Thomas has returned from a short trip to Jacksonville.

J. M. Turner of Lake View paid the city a visit on Thursday.

R. A. Kelley of High Springs was among the visitors to the city yesterday.

S. B. Cullen of Hague was among the out-of-town people visiting the city yesterday.

Plank's Chill Tonic is guaranteed to cure chills, fever, colds and lagrippe. Price 25 cents.

New assortment and styles of wall paper constantly received. Call and get estimates. Chas. Gladly.

J. S. Goode, the fruit and confectionery man, made a flying business trip to Jacksonville yesterday.

Geo. P. Morris has returned from a flying business trip to High Springs, where he went on insurance matters.

P. D. Cardy of Suwannee county was transacting business in the city yesterday with the United States land office.

Hon. Jos. M. Rivers has returned from a short visit to Daytona Beach. He says the change proved very beneficial to him.

Judge J. A. J. Strickland, one of the substantial farmers of Hague, was meeting his large circle of friends here yesterday.

Capt. W. P. Shettleworth of Evinston was trading in the city yesterday. He was accompanied by his little grandson, Willie Barlow.

Dr. Lucius Montgomery, one of the leading citizens of the Micanopy section, was meeting his large circle of friends in the city on Thursday.

Attention is directed to the change in the advertisement of the Baird Hardware Company, in which they are advertising hot weather goods.

EXCURSION—Jacksonville and return from Gainesville \$1.50 via Seaboard, August 24th. Tickets good returning on or before August 27th.

Mrs. Robert McClellan and daughter, Miss Catharine, after a delightful visit of several days to Pablo Beach and Jacksonville, have returned to their home.

Mrs. W. P. Moseley and sons, George, Allen and W. P., Jr., left yesterday for Daytona Beach, where they will sojourn for the next ten days for the benefit of the former's health.

BAIRD HARDWARE CO.
Wholesale and Retail.

Mrs. H. P. Holstein and son, Charlie, left yesterday for Louise, where they will visit the family of C. M. McKinney for a few days.

EXCURSION—Jacksonville and return from Gainesville \$1.50 via Seaboard, August 24th. Tickets good returning on or before August 27th.

Miss Edna Cheves departed yesterday for White Springs, where she will spend the next two weeks taking in the pleasures of that popular resort.

Mrs. W. L. Hill and little boys, Robert and Logan, left yesterday to spend six or eight weeks with the parents of Mrs. Hill at Cumberland, Maryland.

Misses Mamie and Ruth Davis of Hawthorn were among the visitors to the city yesterday. They came over for the purpose of having some dental work done.

L. H. Hall, one of the well-to-do citizens of Orange Heights and trustee of the Orange Heights school, was transacting business in Gainesville Thursday.

Friends of Mr. and Mrs. S. A. Ledbetter, who are now sojourning at Troy, Ala., will be pained to learn of the illness of their baby, Margaret, who has pneumonia, and hope for the little one a speedy recovery.

Col. Robt. E. Davis and mother returned to the city yesterday. The latter has been for the past two months visiting in Virginia and other points, while the Colonel went over to Jacksonville to meet her on her return.

Joseph Adams of Orange Heights was in the city yesterday. He reports that cotton is opening up real fast in that section, but the dry weather is having a tendency to cause the younger bolls to open before they fully mature.

B. B. Lowman of Williston was among the visitors to Gainesville yesterday. He says the farmers are needing rain very badly in that section, as not a drop has fallen there for the past three weeks, and as a result everything is suffering.

T. W. Shands, president of the Gainesville National Bank, has returned from a brief trip to Daytona. He reports that Mrs. Shands is improving and that the salt air is very beneficial to her, which is gratifying news to her large circle of friends.

T. Barber, for several years engaged in the naval stores business near Archer, but who has been operating in Georgia for the past two years, is now residing at Highland Park, a suburb of Richmond, Va., where he requests that The Sun be forwarded.

The firm of Rutherford & Fagan having dissolved partnership by Mr. W. D. Fagan retiring, I beg to inform the public that I will carry on the business at the same old stand. Thanking you for the generous patronage extended to us in the past, I respectfully solicit a continuance of the same. F. T. Rutherford.

Miss Nell Dempsey, after a pleasant visit of a few days to friends at Alachua, has returned to her home in this city.

G. L. Bryant, the eminent marshal of High Springs, came down to the city yesterday and brought three prisoners which he turned over to Sheriff Fennell.

Wall papering and everything pertaining to the decorating line by practical and experienced men. Get our estimates at office on West Main street, North. Chas Gladly.

Mrs. L. C. Lynch left yesterday afternoon for Worthington Springs, where she will join a party of friends from this city and together spend several days at this popular resort.

Misses Alma Fennell and Annie Cannon departed yesterday for Wilcox, where they will spend several days as the guests of their friend, Miss Mary Wilcox, at their palatial home on the Suwannee.

Mrs. Geo. P. Long and children, who have been absent for the past several weeks visiting relatives and friends in the Carolinas, have returned to their home in this city, much to the delight of their numerous friends.

Mrs. T. H. Richardson and daughter, Miss Willie, departed yesterday via Jacksonville for Fernandina, where they expect to spend the next several days in the Island City and enjoy the pleasures of the salt water at Amelia Beach.

Mrs. George Chamberlin, Mrs. Mayme Clyatt and two sons, Grady and Frank, of Tacoma, spent yesterday in the city as the guests of the family of W. T. Richardson. They were en route to points in Alabama, where they will spend the next few weeks.

Mrs. Dr. H. C. Spencer, who has been absent for several weeks visiting relatives and friends at her old home in Jefferson, Ohio, returned to this city yesterday. She reports having a pleasant outing and was glad to again meet her old acquaintances.

H. C. Crawford and wife of Micanopy were among the visitors to the city yesterday. The Doctor was for many years connected with Dr. W. C. Johnson at Micanopy, but since that gentleman's retirement from business has engaged in business for himself at that point.

News received by members of the land office from Miss Jessie Riley bears the pleasing information that she is pleasantly located at Battle Creek Hotel Sanitarium, is enjoying her visit to the fullest extent and feels that the change has already proven beneficial to her.

Col. John B. Dell and wife, who have been spending some time in Brevard, N. C., and Gainesville, Ga., have returned to their home in this city. The latter place is Mrs. Dell's old home and they annually spend several weeks there during the heated term, taking advantage of the mountains in that section.

Col. Henry S. Chubb, the genial and clever register of the United States land office, has returned from a pleasant visit of a few days to his family in North Carolina. He reports the weather there very hot and sultry, and says he is glad to get back to good old Gainesville, where he can cool off and once more look pleasant.

Property owners should carefully read over the list of real and personal property upon which the Board of County Commissioners have increased the assessment, which appears on the fifth page of this issue. The list of city property, upon which the assessment has been raised by the City Council of Gainesville, will also be found in this issue.

Deputy Sheriff Walker left yesterday for Dunnellon, where he went to take Richard Helms, Chas. Bowman, Geo. King and Nat Morris to the leassee, S. A. Rawls & Co., and they will do time in three and six months' sections. These prisoners were arrested on Wednesday, convicted on Thursday and in the evening were on their way to the camps. How's that for quick action?

F. T. Rutherford has purchased the interest of W. D. Fagan in the Continental Cafe and the business will hereafter be conducted by Mr. Rutherford, who will still continue to give it his personal attention the same as he has done in the past. He will make some changes, however, which will prove beneficial to his patrons, and he hopes to not only retain his old customers, but gain new ones.

\$914,446.

Is the amount of money we have loaned since we opened for business. We have not lost one cent on a bad loan, and have no paper on hand now that could be considered even doubtful. A bank is no safer than its loans, therefore we are very cautious about this feature of our business. If you apply to us for a loan and it is not granted, do not fall out with us; we are using our best judgment for the protection of our depositors, and we think our depositors come before our borrowers in a matter of this nature.
